## A Letter from the President

Despite the hard-hitting impacts of the pandemic, Central Virginia Electric Cooperative finished 2020 in sound financial condition and members received capital credit refunds for the eleventh straight year. CVEC recorded the best year of reliability in its history, delivering on its promise to provide safe, reliable, and affordable electricity to its members. We also had our highest total margins ever, in part, due to the additional margins from our Firefly Fiber Broadband<sup>SM</sup> subsidiary.

Providing outstanding customer service to our members during such a challenging year wasn't easy. Many of our employees transitioned to working remotely, but that didn't keep us from our focus on you! In our last member survey, **you gave CVEC its highest member satisfaction score on record and ranked us in the Top 20 among cooperatives.**

Additional renewable energy options are underway, including **plans for two more solar arrays that will generate 13 megawatts of solar energy and battery storage.** CVEC's community solar program, Solar Share, is 95% subscribed and the program locks in the cost of that solar energy until 2043.

**Construction of the high-speed fiber-optic system has been expedited.** Plans include extending fiber-optic cables across our entire distribution grid that touches parts of 14 counties and includes 3,500 miles of electric lines a full year sooner than originally planned. This new communication network will further improve electric service reliability through remote operation of down-line devices, lower power supply costs, and enable demand response programs.

In addition to reliability, the fiber build will provide a long-awaited solution for rural Virginians, who have been significantly impacted by the pandemic due to the lack of affordable, reliable internet, to finally get connected. By the end of 2020, **over 5,000 members were connected to internet through Firefly, CVEC's subsidiary;** over half of eligible members have signed up and many more are eagerly waiting. CVEC and Firefly continue to pursue grants and outside financial support to help offset costs and assure its success.

We will hold an Annual Meeting at our Colleen office outside underneath the truck shed again this year. **The meeting is on June 23, rain or shine, and space is limited due to social distancing requirements and venue capacity.** Please email us to let us know you are attending so we can reserve your seat.

**CVEC encourages members to make use of the mail-in option for participating in the meeting and electing the Directors.** We have increased the number of prizes to be drawn from proxy again this year, and using the mail-in option assures your vote counts while keeping you safe. The program has been shortened and there will not be a reception or prize giveaways. Masks will be required for all attendees.

**Gary Wood**  
President & CEO

## Connecting Members Bit by Bit

Gigabit speed internet is within reach for our members. CVEC is building fiber across its entire network faster than ever and the final stops along the way will be connected a year sooner than anticipated.

CVEC is halfway through the fiber build and making excellent progress towards meeting the goal of having the fiber backbone completely built by the end of 2022. Currently, the build has passed over 15,000 homes and businesses and over 7,500 accounts are connected to the internet through CVEC's subsidiary, Firefly Fiber Broadband<sup>SM</sup>. Make ready engineering has been completed on all CVEC substations and make ready construction is underway in the areas slated for connection in 2022. Once make ready work is complete, the fiber construction and splicing will provide members the opportunity to get connected to Firefly. For more information about the fiber build, check the website at [www.mycvec.com/broadband/project-updates](http://www.mycvec.com/broadband/project-updates).

# Unclaimed Capital Credits

As a not-for-profit electric distribution cooperative, CVEC is owned by its members. The members contribute investment in the lines, poles and substations as part of the rates they pay for electric service. This money is then used for distribution line investment for a period and eventually returned to the members.

In 2019, CVEC issued a partial refund of capital credits allocated to those who were members in 1991, 1992, and 2018. Members due a refund greater than \$100 were mailed checks. A portion of the checks were not deposited or were returned as undeliverable. Following is a list of members who have not claimed their refund.

Anyone listed should contact the Co-op in writing for verification. Please provide:

- When the service was disconnected
- The last address while a CVEC member
- Current address and phone number
- Signature

## Energy Efficiency Tip

Change your air filter every month (or every two months) to prevent dust buildup, which can lead to even bigger problems.

## NONDISCRIMINATION STATEMENT

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident. Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English. To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [http://www.ascr.usda.gov/complaint\\_filing\\_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: [program.intake@usda.gov](mailto:program.intake@usda.gov). This institution is an equal opportunity provider.

## How To Vote:

If you do not attend the Annual Meeting in person, you may vote by proxy ballot. If you come to the meeting you are entitled to vote during the meeting. If you mail a proxy ballot but attend the meeting, your proxy ballot will be canceled.

### Proxy:

If there is doubt whether you can attend the Annual Meeting, please execute and return the proxy ballot promptly so a member may be designated as your proxy. The proxy will act on your behalf for business matters and will ensure a quorum for the business meeting. The named person should be someone you expect to attend the meeting. Only a fellow member or CVEC Director may be designated by you as your proxy.

You may also leave the space blank and the CVEC Board will appoint someone to act for you.

### Please date and sign the proxy ballot.

Return it to CVEC by folding the ballot together, sealing, and mailing. By returning the proxy ballot, you are registered for proxy prizes.
