

Central Virginia sun  
now **harvested**  
for CVEC members.

# Solar Share

is the new community solar program for our members.

⚡ **Cost is \$4.50 for a 50 kWh block**

⚡ **11,000 blocks available**

⚡ **Up to 5 blocks per member**

Solar Share subscriptions give CVEC members the power to embrace clean, renewable energy every month of the year. Through Solar Share, members may purchase 50-kilowatt-hour (kWh) blocks of solar energy. Shares are limited to five blocks per household, for a total of 250 kWh per household. The cost for a 50 kWh block is \$4.50, or \$22.50 for the full 250 kWh, plus transmission costs. These block prices will not be subject to rate increases for the next 25 years. Any unused portion of a solar block will not be refunded. Members may cancel Solar Share subscriptions, with no penalty, at any time.

Solar Share's supply is limited to 11,000 blocks. Subscription to Solar Share will be on a first come, first served basis. Upon the approval of the community solar rate by the Virginia State Corporation Commission, members will be officially enrolled in Solar Share.

Solar energy enables CVEC to fulfill its mission, offering clean, renewable energy and adding to its already diversified power portfolio. Contact CVEC today to reserve your solar blocks.

Sign up is **simple.**
