Streamlined Rate Case Rules for Electric Cooperatives**

VIRGINIA’S ELECTRIC COOPERATIVES

NOTICE OF PROPOSED RULEMAKING

CASE NO. PUR-2020-00023

On February 10, 2020, the Virginia, Maryland & Delaware Association of Electric Cooperatives (“VMDAEC” or “Association”) filed with the State Corporation Commission (“Commission”) an Application to Initiate a Rulemaking (“Application”) pursuant to 5 VAC 5-20-110 of the Commission’s Rules of Practice and Procedure (“Rules of Practice”). Specifically, VMDAEC seeks a rulemaking to revise the Cooperative Streamlined Rate Case Rules contained in 20 VAC 5-200-21(C) (the “Streamlined Rate Case Rules” or “Streamlined Rules”). According to VMDAEC, these revisions would assist electric cooperatives subject to regulation by this Commission by making ratemaking proceedings more efficient through the increased use of the Streamlined Rate Case Rules outside of a general rate proceeding.

VMDAEC states that the Association has worked through a collaborative process with various stakeholders to propose the revisions, which would:

- Limit streamlined cooperative rate increases to 4% of total operating revenues;
- Remove references to the Consumer Price Index (CPI-U) for purposes of calculating rate change minimums or maximums;
- Add a new and additional Times Interest Earned Ratio (TIER) limit of 2.5 (or other appropriate metrics), consistent with the Commission’s history of rate regulation for electric cooperatives;
- Allow for participation from member-consumers affected by rate changes;
- Remove references in the current rules that would limit use of the rules by the cooperatives in a period of years from their last general rate case;
- Limit use of the Streamlined Rules to no more than three (3) times in any ten (10) year period;
- Limit use of Streamlined Rules such that any such rate change approved by the Commission would also limit use of a cooperative’s statutory authority, limiting rate changes to once every three years (absent other order of the Commission); and
- Make other miscellaneous updates to the Streamlined Rules, including adding references to websites and the use of electronic mail in addition to traditional notification methods.

Interested persons are encouraged to review the Application for further details of the Association's proposals.
