

Renewable Energy Certificates

Interested in Renewable Energy?

Let CVEC help you get started with Renewable Energy Certificates!

Renewable Energy Certificates under Rider R are available on a voluntary basis as a “companion rate” to any rate class member who contracts with CVEC for the purchase and retirement of Renewable Energy Certificates, or “RECs.”

Renewable Energy charges are in addition to all other charges due under the Cooperative’s Terms and Conditions and Rate Schedule. The Renewable Energy Rate R, is equal to \$0.015 per kWh (1.5 ¢ per kWh).

The Cooperative may change the R factor once per calendar year depending on the market conditions for the purchase of Renewable Energy Certificates, or “RECs.” At such time, the Cooperative will file a new Rider R with the State Corporation Commission along with the data supporting any change based on price increases for RECs purchased on the open market or any change in price based on issues related to vintage.

Renewable Energy Certificates will be retired by the Cooperative in an amount equal to the Member’s total consumption. Members do not receive title to, or interest in, any RECs under Rider R.

The Member may terminate billing under Rider R by giving the Cooperative at least thirty (30) days prior notice. After receiving such notice, the Cooperative will terminate billing under this Rider effective with, or prior to, Member’s next meter read date. The Cooperative reserves the right to terminate this Rider or revise the pricing or minimum purchase amount of the Rider after giving sixty (60) days prior notice. This will not affect service taken by Member under an existing, applicable Rate Schedule.

To take advantage of Renewable Energy Certificates, complete the form below and return to CVEC. If you have any questions please call us at 1-800-367-2832.

Renewable Energy Certificates Application

By signing this form, you are agreeing to the Terms & Conditions listed above.
